# REPORT OF THE TRUSTEES OF THE STATE LIBRARY.

---

CALIFORNIA STATE LIBRARY,
SACRAMENTO, June 30, 1896.

*To his Excellency* JAMES H. BUDD, *Governor of California:*

DEAR SIR: We herewith hand you the report of W. D. Perkins, State Librarian, which shows that the expenditures for the forty-sixth and forty-seventh fiscal years have amounted to $43,739 79, leaving a balance of $12,449 69 in the State Library Fund.

In the expenditure of money we have endeavored to be economical without stinting the library in its real needs. The figures herewith submitted compare favorably with those of previous reports.

Respectfully,

M. GARDNER, President.
W. S. GREEN.
ED. E. LEAKE.
CURTIS H. LINDLEY.
F. T. BALDWIN.

# REPORT OF THE LIBRARIAN.

SACRAMENTO, CAL., June 30, 1896.

*To the Honorable Board of Trustees of the California State Library:*

GENTLEMEN: I have the honor to submit the following report of this department for the forty-sixth and forty-seventh fiscal years, from July 1, 1894, to June 30, 1896.

During the period named there have been added to the library 5,865 volumes, making the total number called for by the register 100,618. This is somewhat in excess of the actual number, as has been shown in previous reports. We have data, however, showing what volumes are missing.

In the purchase of books the endeavor has been made to obtain representative works in all departments of knowledge, but special attention has been given to the Law, Medical, Historical, and Genealogical Departments. To the Law Department, current reports, new text-books, and new editions have been added. The collection of session laws has been enlarged by the receipt, in exchange, of the current Acts of the various Legislatures. A great deal of correspondence has been necessary to obtain a number of these volumes, owing to the negligence of some of the States in supplying them. We have been very persevering, however, and have succeeded in obtaining nearly all of them.

As repeated calls are received from various parts of the State for genealogical information, we are giving particular attention to that department, and have obtained a number of valuable works that are of special interest to genealogists.

The collection of works relating to the history and literature of California has been steadily increasing, and no opportunity has been neglected of obtaining anything that would increase the value of that department. Files of several early California newspapers not hitherto contained in the library, we have recently been fortunate in obtaining.

The collection of periodicals has been enlarged by the addition of new sets, and we have also completed a number of old sets by the purchase of missing volumes.

Files of all the principal California newspapers are being preserved in the library. Among these we include the leading dailies published throughout the State, and one paper from the county seat of each county. A number of these are donated, and of such we have appended a list to

this report. It may readily be imagined how rapidly these newspapers and other periodicals accumulate, and what a quantity of room is necessary for their preservation. It is no exaggeration to say that every available space is now utilized, and that more shelf room is an absolute and an immediate necessity. The whole library is excessively crowded and something must be done in the near future to obtain additional room.

In my last report I recommended that the library's field of usefulness be extended, by establishing, in as far as practicable, a loaning system with public libraries throughout the State. In this regard nothing has been accomplished, except with the State University Library, and we are glad to state that a satisfactory system of interchange now exists between these two libraries.

Several accidents having revealed the inadequacy of the railings around the gallaries of the library, extra safeguards were provided and the expense defrayed out of the State Library Fund. Your Honorable Board will remember that the Secretary of State was requested to do this, but as he had no means with which to take immediate action in the matter, and as a recent accident had impressed upon us the necessity of some steps being taken, with the authorization of your Honorable Board the work was effected.

Several new bookcases have been placed in the library, and new shelves have been added in a number of places.

In the purchase of books and in the general management of the library, it has been our aim to maintain a high standard and to render the institution as useful to the public as possible.

All of which is respectfully submitted.

W. D. PERKINS,
State Librarian.

## RULES AND REGULATIONS FOR THE GOVERNMENT OF THE STATE LIBRARY, AS PRESCRIBED BY THE TRUSTEES.

1. All books, papers, periodicals, maps, and works of art now in the Law Library, in the Medical Library, or in the General Library, are declared to be works and books of reference, to be kept in the Library for the use and benefit of the people of the State, and cannot be taken therefrom except as hereinafter provided. No book, map, or paper valuable as a work of art or for its antiquity shall be taken from the Library under any circumstances.

2. The Library shall be kept open every day, excluding Sundays and legal holidays. During the sessions of the Legislature and of the Supreme Court the Library shall be kept open from 9 o'clock A. M. to 9 o'clock P. M.; provided, however, the Librarian may, in his discretion, keep the rooms open on Sundays and legal holidays, and from said hour of 4 o'clock P. M. to 9 o'clock P. M., in charge of some reliable person, for the accommodation of the citizens of the State, as a reading-room, but not for the delivery of books.

3. Any person making application to the Librarian for any book, map, paper, or other printed matter for public use in the Library, shall be furnished with the same, and with such facilities for reading, copying, or making notes therefrom, as the Librarian can command. In case any book or paper so applied for shall be temporarily absent from the Library, in the hands of any State officer or other person, under the statute law or these rules, the Librarian shall have it returned, if practicable, for the use of such applicant. Children under fifteen years of age, unaccompanied by parents or guardians, are not entitled to the privileges of the Library except at the discretion of the Librarian.

4. State officers may take from the Library to their respective offices such books as they may require for reference in the discharge of their official duties; but not for the use of another person who has not the legal privilege of taking books.

5. Whenever a Judge of any court of record in this State desires a book for his information in determining any case in his court, or when he deems it necessary for any attorney to have any book in the Library for use in any trial or proceeding, he may make a written requisition on the Librarian for such book, and the order must imply a personal responsibility for its safe return. The expense of transportation must in all cases be borne by the applicant.

6. Members of State Commissions, who have not their offices at the Capitol, may order books from the Library for use in the line of their official duties, in the same manner as set out in Rule 5.

7. Any member of the Legislature, elect or qualified, may make a requisition on the Librarian, when the Legislature is not in session, for any book that may be taken from the Library, and which he will state is to aid him in the preparation of any bill to be presented at a future session in which he is to sit. Such requisition must imply an agreement that, if the book shall not be returned according to the rules of the Library, the price thereof will be deducted from his salary, the same as from the salary of a sitting member. The cost of transportation must in all cases be borne by the applicant.

8. Sitting members of the Legislature will be required to comply with the strict letter of the law.

9. No book shall be kept out of the Library more than seven days, and one day added for each five hundred miles or fraction thereof it must travel in going and coming, when ordered from a distance.

10. Writing in or marking books or periodicals, tearing or turning down leaves, and all other defacements, are strictly prohibited. Any person defacing a book or periodical shall pay to the Librarian the price of the book injured.

11. No loud talking will be allowed in any part of the Library.

12. No smoking or chewing of tobacco will be permitted in the Library.

13. Copying from books, other than law books, must be done in pencil.

14. No book can be taken from the Library until its title and the name of the person taking it have been registered by the Librarian, and a receipt given for it, in such manner as may be required by the Librarian.

15. Visitors to the Library are prohibited from talking to the attachés during office hours, except on business in connection with the Library.

16. Any person violating the rules of the California State Library may be prohibited by the Librarian from the use and privileges of the Library, and for misbehavior and willful violation of the rules relating to good order in the Library and the preservation of the books may be summarily ejected from the Library.

17. No rule herein contained shall be so construed as to authorize any person to take any book, paper, or map from the Library, except for the purpose of information in the line of his official duty.
